

# KOM Questions – Lecture 5b

Data Communications and Networking (Fourth Edition)

## Ethernet

- 1.1 What addresses are used in the Ethernet protocol?**
- 1.2 How is bridged Ethernet better? How about switched Ethernet?**
- 1.3 What are the differences between Simplex, Half duplex and Full Duplex transmission?**
- 1.4 What is auto-negotiation?**
- 1.5 What are the advantages of full-duplex transmission with respect to Ethernet?**
